For a list of overflow items located in the Periodical Storage room, please see contents of Cabinet B.

Guidelines to the use of contents in Cabinets A & B

- Gloves are provided in the cabinet; due to the fragile nature and condition of archives, items in archival boxes must be handled with gloves.
- Patrons must request an item from a staff member, and give that staff member a driver's license. Staff will retrieve any items from the locked cabinets. The patron driver's license is required as a "hold".
- No items, from either of the locked cabinets, may be handled away from staff monitoring. The items are locked in cabinets because they are irreplaceable.
- Staff will have to consistently monitor patrons' handling of archival and other materials. Please peruse items at the front desk (with gloves if item is archival).
- Xerox copies are permitted with staff supervision.
- Please tell us who you are and from where you come! Write down your name and location on the yellow Indiana State shapes located on a shelf in the Indiana Room. We may use these as a display!
